## HAVE SOME FUN ONLINE RESULTS

Congratulations to all students who participated this term. As the competition progressed we saw better cooperation and concentration and the scores improved. Everyone tried their best, and most of all we had FUN with Maths.

**Yr 5 EMPS2 Team:** scored 21 out of 30 and came 28th out of 52 teams.

**Yr 6 EMPS1 Team:** scored 24.17 out of 30 and came 13th out of 54 teams.

In Term 3, the competition is for students from Yrs 3-6. please let your teachers know if you are interested. Remember, you must be well-behaved and focused on achieving your very best in class Mathematics. The HSFO questions are challenging!!!

Mrs Reid, Numeracy Coordinator.

## STEM (Science, Technology, Engineering and Mathematics)

Area 2, 12 and 22 have all been working on STEM projects this term. Area 22 has built bridges and houses that fit in with classic fairy tales.

Area 2 has been working with the 'Dash' robots and the 'Kodapillars' to recreate Rosie's Walk around the farm and Area 12 has been investigating block coding platforms. The students have really worked hard on creating solutions to solve problems that they

faced in the projects, with some fantastic results. I have also been working with the senior block teachers to ensure science is a priority learning area with some great results this semester and lots of science content being learnt across the Year 5/6 classrooms.

Mrs Sarah Shepherd  
STEM Coordinator and Year 5/6 Teacher
